

Please do not seek to weaken New Jersey's Do Not Call Act. While it is true that I am not forced to speak to anyone who calls me, I still must check the phone (through Caller ID) to see if it is someone I wish to speak to. This may seem like no big deal to you, but as someone who lives with chronic pain due to a spinal defect, I can assure you that these unwelcome trips to the phone put me through hell. I know I am not the only one with such a problem. I deserve protection.
